

Fiber Optic Transceiver F1.0 Specification

- **Version:** V01
- **Date:** 2014-10-13

1 Product Features:

- way cable interface, all the way to optical interface.
- single-mode fiber transmission distance 10 km --20 kilometers.
- optical interface: FC circular mouth.
- 100-240VAC 50 / 60HZ AC power supply.

2 Technical Specifications:

product Type	F1.0
agreement	IEEE802.3Z IEEE802.3ab
optical fiber	Single mode
interface	FC Round interface, RJ-45
transmission rate	10/100Mbps
indicator	1000M/100M、Link、Act、FDX、Power
transmission distance	10KM
working temperature	0°C - 50°C
humidity	5% - 95%
operating Voltage	100-240VAC 50/60HZ
dimensions	length 143 * width 147 * height 40 (mm)
weight	0.5 Kg
